Subject: RE: SO2 CDD

TCEQ is currently drafting a request and we are going to discuss the basis on Wednesday. All I have so far is an email from Michael below...

Subject: FW: Clean Data Determination

Bob – based on your conversation with Daphne, let me know if you think we need to have a conference call with TCEQ to answer any questions or discuss the approach.

Subject: Clean Data Determination

Donna let me know that they are going to send a CDD request. It will be under her signature. Bob, Daphne McMurr(sp?) will be reaching out to you regarding content. I gave her your cell number. I hope that isn't a problem.

Subject: RE: SO2 CDD

Would you mind sending me a copy of the states request? I want to make sure I'm clear on their basis (what clean data they are relying on) for requesting a clean data determination.

Thanks,

Aaron H. Vargas

Michael,
The draft CDD for the TX Round 2 NAA is ready for your review. Aaron is checking on a couple of items as commented in the draft.

Redacted

Let me know any questions you may have; once you've finished your review do we have any further Region 6 review? If not I can route to HQ. Who should we route this to?

-Bob

Subject: RE: SO2 CDD

Will do, thanks for the update! Still waiting to hear back on my two follow up issues. Will touch base in a couple of hours with any updates.

Thanks,

Aaron H. Vargas

Subject: FW: SO2 CDD

When: Wednesday, April 29, 2020 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).

Where: ConfRmE326

Michael,

Aaron has completed his review and I'll send you the draft notice later today. Please review the argument for the CDD for each area. As Daphne said on the phone this morning, "This is not a normal Clean Data Determination." We didn't get into details but she said that they were looking at emissions trends and considering the Welsh monitoring data. She said they did not want to model.

-Bob

Where: ConfRmE326

Opportunity to discuss plans for Clean Data Determination for SO2.

This is a conference call. We just use the room as a surrogate for the line to be sure we do not double book it.
